KRYSTIAN KOSTRZEWA

About Me

My name's Krystian and I'm 20. I am in the second year of Computer Science studies at the AGH University of Science and Technology. I want to start my professional career in the IT industry. I care a lot about self development, that's why I spend a lot of time learning new skills and new challenges are pleasure for me. I deal very well with working in group, that gives me just more power to work. I'm ready to take on new responsibilities and always do my best.
